County Treasurer Must Issue a License-Woman Struck by Lightning—City Boarder Goes Crazy-Threatened to Shoot.

A special proceeding was had before County Judge Smith last week in the matter of the people, ex rel Mahar W. Decker, against Jehial W. Decker. county treasurer of Sullivan county This was a certiorari brought before the county judge to compel the treasurer to issue a license to the relator for the sale of liquor under subdivision 2 of section 11 of the liquor law. The conceded facts were that at the town meeting, held in the town of Fallsburg in November. 1898, a vote was taken under the local option provision of the law, and the sion 2 was defeated. But no petition ifor the submission of this question had ever been made or filed, and the question raised was, whether section 7 of the special act passed with reference to town meetings in Rockland, Orange and Sullivan had abolished the necessity for such a petition. The court held that the necessity of filing the petition still existed, the provisions of the general law still applying in that respect, and made an order directing the county treasurer to issue a license certificate to Mr. Decker. T. A. Niven was attorney for the relator, and P. J. Cullinan of Albany for the State Excise Depart ment-Watchman.

The residence of J. Conklin, one mile south of South Fallsburg, was struck by lightning Thursday afternoon, July 27, wrecking the house and shocking Mrs. Conklin. She was found stretched on the floor near the stove unconscious, but was revived after half an hour. The lightning left its mark on the woman in the shape of a strip two inches wide running from head to foot. She is recovering rapidly and is not thought to be dangerously injured. The lightning struck and demolished the chimney, part of it following down the pipe to the stove where it shocked Mrs. Conklin, the rest going down the side of the house, tearing off shingles, siding and plaster. The house is badly wrecked.
